

Beyond Beta – Food & Bio Incubator

For ambitious startups within the food and bioresource related sectors.

Beyond Beta

Do you have an early business idea or a business ready to scale?

Now is the time to apply for the Beyond Beta program which gives you access to valuable business services.

With this program, you get the best conditions for accelerating your business and for avoiding some of the many pitfalls, startups risk to fall into.

Why join?

Together, we design a program tailored to your business and your needs. The program is based on the following activities, that are designed especially for food and bio startups

Choose from:

- Individual sparring on your business development and help executing it
- Mentoring from national or international experts/successful entrepreneurs
- Camps and 1:1 sparring on regulations for food and bio startups
- Guidance and assistance from experts handling the regulatory issues around your company
- Help in financial planning, meaning setting up and evaluating operating budgets, investment budgets and liquidity budgets
- Direct feedback and validation from relevant leadusers relevant for your business
- A voucher for feasibility testing of your business model
- Discount on access to incubators up to one year (office space)
- Online learning modules and tools to professionalize your business development
- Peer to Peer learning from meetings with other startups

Participation is free of charge. All you need to do is register the hours spend on the program and activities related to it.

Who can participate?

All businesses that live up the following criteria:

- A Danish Business Registration number (CVR) registered after 1 September 2016
- At least one founder with a Danish Personal Identification number (CPR number)
- A scalable business

How to apply

Apply for participation in the Beyond Beta program at www.beyondbeta.dk/food-bio-incubator

Deadline is the 1st of every month and admission notices can be expected after one week.

Beyond Beta programmes:

- **Startup Food Reg** / Get hold on relevant food regulations
- **Specialised incubator environments** / Get access to the best platform for your growth journey
- **Feasibility Voucher** / Vouchers to purchase relevant knowledge
- **Lead-user networks** / Market validation through potential lead users
- **Hands on go to market** / Help with channel mix and market introduction
